CAREER OBJECTIVE

I'm looking for a workplace where I can put what I've learned into practice, learn through real work and guidance from experienced colleagues, and gradually take on more responsibility. I value a respectful and collaborative environment where people can do their work well, support one another, and contribute to the organization's success.

EDUCATION

- **B.Sc. in Computer Science and Engineering**

Minor in Human Resource Management
Independent University, Bangladesh
(Ongoing)

- **Higher Secondary Certificate**

Milestone College
GPA: 5.00

- **Secondary School Certificate**

Milestone College
GPA: 5.00

WORK EXPERIENCE

Gojustitech — Junior UX/UI Designer

Sep 2022 – Jan 2023

Remote | Part-time

- **Analyzed** business and product requirements to develop user-focused solutions.
- **Created** user flows, wireframes, prototypes, and high-fidelity designs for CRM, SMS, and HRM platforms.
- **Engaged** with stakeholders to clarify requirements, discuss solutions, and refine design decisions.
- **Collaborated** with developers to review implementation, handover project and iterate designs based on feedback.

Gojustitech — Intern UX/UI Designer

June 2022 – August 2022

Remote | Part-time

- **Learned** user-centered design principles and the end-to-end UX/UI design process.
- **Developed** practical skills in Figma, wireframing, prototyping, and design systems.
- **Gained** experience analyzing requirements, conducting competitor research, and translating insights into design solutions.
- **Learned** to collaborate with designers, stakeholders, and developers throughout the product development process.
